Dear S and B,

I decided, S, to put my reply to your email message, in a snail-mail letter, as it is a lot of information. Both of you may take from it what you wish, if anything. I didn't use your names as I will be sharing this with others. Also, because certain words trigger people, I decided to use THEY or THEIR etc. when referring to a particular group.

Don't worry, S, about your strong response in your message. There are lots of changes happening fast and many people are overreacting, whereas, in the past, they would not have responded in such a manner.

Before I begin, I want to comment on Andrew Yang and Donald Trump. In my view, they are just different sides of the same coin. In other words, they are supported by the same people, but give the *illusion* that they are on different sides. Also, there is an element of truth to what each side says because if there wasn't, they would not get the support of their voters. However, it may seem to you that I am supporting one side, but I am actually bringing to light a broader picture of what has been going on for some time now.

I believe the reason THEY brought Trump into power is because they wanted to check to see how effective THEIR work has been to undermine a particular group in society. Also, THEY thrive on conflict as it is profitable for them. Trump makes a particular group in society look like uncaring buffoons, and Yang makes another group appear to be social-justice geniuses. I will say more about Trump and Yang near the end.

There is a lot of information here so I would appreciate, as a courtesy, both of you reading this letter through to the end. It is written with the best intentions.

Let me explain why I think differently, now, from what I had learned from mainstream newspapers, magazines and books, and from articles and books read in university. Also, why my views are different from that expressed in television and radio programs, and in movies.

My first degree is in Anthropology, which encompassed courses in biological and cultural anthropology, women studies, native studies, and religion. I also took courses in psychology, Canadian politics, and Canadian and European history. I have a second degree in education, for primary and junior grades, and a diploma in Special Needs and Inclusive Education (University of London - Cairo). Hundreds of hours and brain-power wasted, and thousands of dollars spent on *garbage*. In fact, I was working towards a Masters Degree in Cairo, when one evening, I was sitting in a cafe by the Nile River thinking about the program and thought *This is all bullshit*. Little did I know how true that thought was.

I also want you to know that as I have unravelled what has been going on, there have been many times where I would reflect on conversations you (S) and I had way back in the late 1970s and through the 1980s. Things you had said that were truer than you could imagine, now. Also, I have reflected on things that B said, in the past, that were really him expressing something deeply instinctive.

So, S, what was it you said?

1. I remember you told me once, that you had written a letter to the Minister of Indian Affairs about all of the tax money spent on the natives. Well, I am sure the Minister and his lower level staff were sincere in their written response to you; that the impoverished natives needed the financial assistance because of past injustices done to them. BUT, the top staff official(s) in the Ministry would know the true purpose of giving hard-earned tax money freely to the natives because it would support THEIR bigger agenda. During recessions in Canada other departments cut their budgets but in Indian Affairs, it increases. Have you noticed that no matter how much money is spent, the situation gets worse? That is done on purpose. Most of the money stays at the top. Here are a few examples, but there are many:

(Note: FN stands for First Nations)

- Long Plains First Nation @ Portage La Prairie with a registered population of 813 paying their FN chief and band council members a total of \$539,918 in tax-free salaries and per diems.
- Brokenhead Ojibway Nation with a registered population of 1,918 paying their FN chief and band council members a total of \$415,357 in TAX-FREE salaries AND per diems plus \$1,557,766 in tobacco and fuel tax rebates.
- Samson Cree First Nation with a registered population of 8,059 paying their FN chief and band council members a total of \$2,149,998 in tax-free salaries and per diems (\$266.78 per capita).

The purpose of this is so the average Canadian sees the homelessness, bad housing, alcoholism and drug addiction so they will call for even more money to be spent on forming agencies and programs to support the native population. After all, most Canadians feel guilty about their European heritage. They have been told through the education (indoctrination) system, books, television and radio programs, and movies that the EVIL White Europeans did this to the natives because they took their land away from them and put them on reservations and in residential schools. Also, the average native person has been told the same story. THOSE who control information (including history), control the minds of the masses. THEY also pay people to spread THEIR propaganda. He or she will say, "This is a true story of what happened to me", as they wipe away the tears. So, where did this all begin?

In North America, it began with Franz Boas who was the founder of the American Anthropological Association in 1902. He, and his ilk, trained anthropologists and over time THEY INFILTRATED the major universities in the US, and later Canada, with their deceptive ideas. THEIR whole agenda was to demonize the Europeans and to promote White Guilt. By promoting White Guilt, THEY weaken their greatest and most capable opponents to THEIR bigger plan.

Much of the history of humanity is about conquests. The Europeans came here and they conquered this land. But, the THEYS had to make the *First Nations People* (a phrase coined by THEM in the 70s even though there is evidence to the contrary) into victims.

The THEYS are *Masters of Deceit* and invert language and history. **THEY also repeat words over and over through their control of the media, so the masses just repeat what they have read, seen or heard on TV etc. THEY also code language so words like *multiculturalism* and *diversity* actually mean genocide. THEY use words like *freedom* and *equality* when THEY mean the opposite. THEY even came up with the phrase *Conspiracy Theorists* when they organized the Russian Revolution (all planned from New York). But I and many others are Conspiracy Realists.**

Back to the native peoples. They were not these helpless victims. There was lots of violence between tribes and cannibalism was practised among West Coast tribes (Book: *Cannibalism, Headhunting, and Human Sacrifice in North America* by George Franklin Feldman). Would you call this, from a European perspective, "savage"? The answer is Yes!. Also, this whole idea that the Europeans did not make or keep treaties with the natives is false, too. As for purposely spreading diseases, building residential schools to destroy their culture, and trading alcohol, one has to know WHO BENEFITS from these abuses.

It is the same group who owned the slave ships and worked with the black slave traders in Africa (Book series on the Nation of Islam website - "The Secret Relationships Between Blacks and (THEYS).") It is the same group behind all of the mass immigration going on today (Book: *Pan-Europa* by Richard Coudenhove-Kalergi published in 1923). This book is about European genocide. It is referred to as the Kalergi Plan. He was half Scottish and half Japanese, and he hated the Europeans. He worked for the THEYS. He was the first recipient of the Charlemagne Prize, in 1950, for promoting immigration into Europe. Check out the list of recipients of this award, such as: Winston Churchill, Tony Blair, Bill Clinton and Angela Merkel. Even countries receive this award.

The first Europeans came to North America, conquered and SETTLED the land. They did not come here as immigrants, they came as *settlers*. The settlers built farms, general stores, city halls, churches, and schools etc. They created CIVILIZATION, here in Canada, modelled after their homelands (Book: Canada in Decay by Ricardo Duchesne, who was fired recently from the University of New Brunswick)

Here is an exercise to show you what is going on. Go into Google Images and type in "Black Couples" - you will see, primarily, a black man with a black woman. Then type in "Chinese Couples", you will see, mostly, a Chinese man with a Chinese woman. Now, type in "White Couples" or "European Couples." You will see same sex relationships, a black man with a white woman, and a Chinese woman with a white man. The Kalergi Plan is about breeding out the White Europeans. The World Wars were orchestrated by the THEYS so that White Christian Men killed White Christian Men. THEY decreased the European White Male population on purpose. Pay attention to what is presented in movies, television ads, and even ads in banks (as THEY are the BANKSTERS).

The men and women who know all of this, and try to tell others, are labelled "White Supremacists", "racists", "neo-Nazis", "Haters" and more; when they are actually White Nationalists. Comedian, Owen Benjamin calls himself a White Enthusiast. Remember, the THEYS give the masses the language to throw at anyone who opposes their agenda. THEY are the Supremacists and the Racists. **THEY TRULY HATE US.** I want to stress ALL OF US, no matter what our ethnic background, are victims of this group.

2. Another thing you said, that stuck with me, is this ... I had made a comment that men are too practical and not that sensitive. You said, "Men are sensitive and romantic, look at the great music and poetry they have written." Right-on S! They certainly have throughout history created wonderful works of art, music and literature. This is not to say Asian cultures and others have not, but the Europeans have created fantastic architecture, produced masterpieces in art, literature, and classical music. Also, some of our greatest inventions have come from the Europeans. That is what makes the Europeans such a threat to the THEYS. WE are from the *creators* of culture and civilization, and THEY are from the *destroyers* of culture and civilization (Book: You G*** by Maurice Samuel written in 1924, check out his famous quote online). But, because THEY control so much of the media and the art world, they write rave reviews in art publications and newspapers to promote THEIR filth and garbage and sell it to us as culture. Art such as, "Piss Christ" by shock artist Andre Serrano, and of course the work of Andy Warhol.

3. Next, you once said that "It is important to have children as they will take care of you in your old age." This is what has made humanity survive throughout history. We were guided by NATURE. But THEY are ANTI-NATURE. The THEYS are against all that is Good or God-like. So they created the feminist movement. There were men and women in society working to improve the rights of the underprivileged, the blacks, and women. But, the THEYS usurp movements and take them to the extreme. They had agents like Betty Friedan and Gloria Steinem embellishing the victimization of women, while their male agents, Hugh Hefner and Larry Flynt, were exploiting women (Read Professor Kevin MacDonald's book "The Culture of Critique"). THEY must control all sides of any issue and all political parties because they are extremely insecure and dislike uncertainty.

Adult children should be able to support their elderly parents. Look at how much money the retirement and nursing homes take in; as society makes it difficult for family members to care for their elders. Also, look at the number of lonely elderly single men and women, in society, who are children-less.

Women are just more taxpayers and debt-slaves for the THEYS. Many have to raise kids on their own. They are stressed out so they take pharmaceuticals, and their homes are chaotic. They must pay for child care, clean, and cook or they eat out most of the time. Feminism is not pro-women, it is anti-women. In addition, it and the Civil Rights Movement (another one of THEIR manipulations) were formed to

demonize the European-man and to weaken his role in society, and therefore, his ability to protect his family and community. The Civil Rights Movement also destroyed black communities (Book: *The (THEYS) Revolutionary Spirit* by E. Michael Jones and K. MacDonald's book, above).

World events are not random but are by design. The THEYS have orchestrated the bloodiest revolutions on the planet. But, we are not taught the truth about this because they own the major publishing houses, and write and publish the history books. The THEYS tells us that they are the victims when, actually, they are the aggressors. Everything they tell us is the opposite of the truth.

In regards to relations between men and women; the THEYS use their comedians and comediennes to promote conflict between the sexes. Entertainment is very effective and they count on it to help them promote their agenda of total control by keeping the cattle (us) distracted.

THE IMPORTANCE OF WOMEN

Humans are more important than stuff but look at society, it is all about stuff. Throughout history women have had *the most important job in the whole world* and that is to be the nucleus of the family and to nurture, educate, and *spiritually guide* little human beings so they grow up to be stable and healthy citizens. They were not put here to be another cog in the wheel of the GLOBALISTS. This is not to say that there are not exceptions, but women have the most important role in civilization and *they are the fabric of society*. Instead, they have been radicalized and de-feminized, thus being useful idiots for the ELITE THEYS like George Soros. These GUYS laugh at how stupid they have made us. They see women wearing nose rings (cattle), dying their hair blue, and paying \$\$\$ to brand themselves with tattoos. The THEYS also control the fashion industry. How many woman pay for clothing with holes in it? And yet, these women think they are free, liberal, and open-minded but they all think alike.

Women have lost their common sense and ability to protect children from a very dark agenda. Because the THEYS control psychology, they can convince us of anything, including that there are over 60 genders. Keep the cattle confused is THEIR strategy. Get the cattle to have their children on sex-change drugs and to have surgery (\$\$\$\$). Also, THEY come up with all of this LGBTQ trash and keep adding letters. Apparently, the next letter will relate to paedophilia but THEY will disguise it under a different word and add a lot of psychobabble to sell it to the stupid cattle. THEY are ANTI-NATURE so they take something like the human body or the beautiful rainbow and make them symbols of debauchery. All of this focus on sexuality is not progressive. People confuse different sexual behaviours with all of the advances in technology. They think we are evolving because they see technology evolving. But, this is not so. Once again, it is a very dark agenda. It is more psychobabble by THEM and it is a way to keep the birth rate down among European stock people.

4. Finally, there was a time when you and I talked about abortion. I said, "Well, if a woman is on welfare and can't afford to raise a child, she should have the choice of aborting." You said, "But, they are not the ones getting an abortion." BINGO!!! That is exactly what the THEYS wanted. They wanted the educated, professional women (primarily of European stock) to not have babies or to have fewer babies. So, the THEYS pushed hard for them to use birth control or to get an abortion. Then THEY said years later, "We have to increase immigration because Canada's population has declined." By-the-way, Henry Morgentaler, one of the THEYS, who opened a lot of abortion clinics, fathered four children so we have even more of THEM among us, meanwhile, he was aborting our babies.

THEY also would push their overpopulation lie (which began with a 1968 book called "The Population Bomb" by Stanford University Professor, Paul R. Ehrlich- a THEY- and his wife Anne). I have met women who either felt guilty about having their children, when this book came out, or they decided not to have any. There are researchers who have shown that the 7.5 billion number is a lie. Also, even if it were true,

the whole population of the planet could fit into the state of Texas. Over population is a scam, but if you cram people into cities, they think the world is over-populated.

That leads me to the next big scam, Global Warming, later called Climate Change as THEY realized the globe was cooling and not warming. It is just another guilt trip, especially for those of European stock. It is another money grab by these CULPRITS and a means of controlling the cattle. They use it to lessen our freedom of movement. THEY want us to switch to bicycles and public transportation, and they work to demonize cars by increasing gasoline prices, repair costs, parking and insurance. They also work to make cities less car friendly and create gridlock with THEIR city planning. Build, build, build - and cram as many cattle into the city as possible. Keep them off of the farmland and move them into the cities so WE have greater control over them. This is written in THEIR documents.

RACISM

Now, what is racism? It is about protecting one's bloodline. Something the THEYS promote among themselves, but don't want others to do it. However, they have been inter-breeding, for centuries, with the Europeans to THEIR benefit. Has race-mixing taken place, in the past, among the general populations? Of course, look at India, Egypt, and Brazil; these countries are slums, and that is exactly what THEY want in Europe and North America by bringing in masses of incompatible racial groups.

Moreover, the perception THEIR media gives is that only Whites are racists. Well, as someone who has friends from other cultures, believe you me, no Southern Red-Neck White Male could match their racist comments. When Obama was first elected, my Egyptian friend was watching the news with me. She said, "I can't believe Americans voted for that mud." My friend from India once laughingly said about Bush Jr. "I hope he reincarnates as an African woman with AIDS." My friend from the West Indies admitted to me that the lighter your skin the better for society, and that she did not like hanging around "her kind" She did not trust them. Another time, I had to go to great lengths to convince my Rwanda friend and my African-Canadian friend to allow my friend from the West Indies to join us for a dinner party. They felt she was not as intelligent or educated as them.

I would argue that the Europeans are the least racist of all races. This is probably because of our Christian heritage. A friend of mine is from Nigeria and he has owned a bookstore in Vancouver for over twenty years. He is a success due to a Texan missionary man who took him under his wing and helped him to immigrate to North America. It is the Europeans that have helped other races, and this is leading to our demise. Also, as a well-known activist, who is against MASS, UNCONTROLLED, ILLEGAL IMMIGRATION, said "If the natives in Canada think they have it rough under the Europeans, wait until the Chinese take over. They won't be getting the handouts they have today." I think he may be right.

I have contacts with people who work in the immigration settlement services. I get insight as to what is said to new immigrants. They are told, in their classes, that they are just as equal, and have just as many rights, as any Canadian whose ancestors have been here for generations. Imagine that, your ancestors settled this country, built up the civilization, and you have worked hard all of your life, just for foreigners to come in and receive full benefits. They get government handouts, they receive free medical and housing assistance, while you bust your ass paying for all of this through your taxes. This is Communism. It is about giving people the *perception of equality*, when no such thing exists, and putting people on the dole.

Now, what was it that B use to say?:

Well, years ago, in his work, B, was noticing, and voicing his strong views against affirmative action, and the fact that the police department had to accept minorities and their religious practices, such as the Sikhs wearing their turbans, at work. He felt strongly that if immigrants came here, they should be respectful of

Canadian culture, and values such as dress-codes, hard work and honesty. But, what did we get? We got watered down Canadian dress-codes, and a change in traditional Christian values to gang wars, insurance scams, money-laundering, and the manipulation of real estate prices. And, in many cities, there is birth tourism. Women come from China, to have their babies born here. Also, we have lots of foreign students at our *Cultural-Marxist Universities and Colleges*, which is just another immigration ploy. When they graduate, they get a job, and then sponsor relatives to come here.

Now, if B were to express his disapproval or even make a joke about it, he would have other Whites shutting him down fast (because of their White Guilt) and minorities screaming "Racist!!!" even though they can make jokes and derogatory comments about the so-called "privileged" White Male. I think people should take a closer look at who is living on the streets in Canada's big cities and even the smaller ones like Peterborough. It doesn't appear to be "White Privilege" to me. We bring in more immigrants each year, which costs well over \$45,000 per person, and house them, while our own Canadian-born lads and lasses, are living out on the streets. Most are from broken homes, on drugs or alcohol, and totally unable to cope in society, and IT IS ALL PLANNED THAT WAY.

Also, because European-stock has been demonized, all of the good paying jobs are going to minorities (who are quickly becoming majorities), while our young people have *glamorous* jobs at Starbucks to try and pay off their high student debt loads. Moreover, they are child-like in their behaviour. Our young men are walking around in tight yoga outfits or wearing onesies. Their ancestors would be shocked by this.

As for the THEYS, if you are one of them you have easier access to getting into top universities. And, you have far more jobs open to you in law, government, medicine, education, the media and the movie industry. THEY are well connected and look after THEIR TRIBAL MEMBERS. THEY are not smarter. THEY lie and cheat (Book: *The Big Test: The Secret History of American Meritocracy* by N. Lemann).

So, back then, B was really expressing TRADITIONAL EUROPEAN VALUES. And, the THEYS HATE TRADITION, except THEIR own. That is why statues are being removed and our leaders' pictures, on our currency, are being replaced. THEY just make up or embellish historical figures. THEIR FATHER IS THE DEVIL - THE MASTER OF LIES. THEIR MOTTO "ORDO AB CHAO" (Order from Chaos).

A HISTORY OF EXPULSIONS

Now, let's go back further in history regarding the THEYS. It goes back thousands of years to the period of the Sumerians, but I am just going to go back to about 4000 years. I should mention, **there is nothing new under the sun and everything that we are going through today, our ancestors went through back then**. Of course, our ancestors were much smarter than we are today because they did not have distracting and mind-conditioning technology.

In Ancient Egypt, around 1650 BC, the HYKSOS took power. The Ancient Egyptians described THEM as **parasites**. THEY would place the general population in debt, degenerate the culture, and feed off of the labour of the people. After suffering under THEIR rule for over 100 years, the people finally revolted and they were expelled. In fact, just in the last 2000 years, the THEYS have been expelled 109 times from countries due to their usury, degeneracy, and ritual murder practices. This does not mean, they were expelled from 109 countries, but rather, they were expelled more than once from some countries, like France and Spain. They were expelled from SPAIN in **1492**.

Now, if one includes how many times THEY were expelled from villages, towns, cities (like Prague in 1542 and 1561) and countries, the total is about 1100 times. All for the same reasons; THEY would tax the populations to death, put them in debt, promote degeneracy, destroy culture, poison the water, and practice ritual murders (all of this is going on today). *PDF online Arnold Leese, My Irrelevant Defence - (THEY) Ritual Murders*. Don't let his political background discourage you from reading his book.

Ritual murders allow THEM to link with entities in demonic realms in exchange for favours, here. These entities help them to control us so THEY RULE SUPREME. But, I must add that, spiritually speaking, we are greater and stronger than them, but most of us do not know this because THEY have convinced us that there is only this material world and it is ruled by THEIR version of science. The THEYS have cut us off from the source of our spiritual power. Also, they have turned us away from any spiritual practices and have infiltrated all of the major religions (Christianity, Islam, Buddhism, Hinduism). This is the reason for paedophilia in the Roman Catholic Church. The THEYS began by infiltrating through the congregations and then worked their way up. They took total control of the Papal following the death of Pope Pius XII in 1958. And, they established the Vatican II Council in 1962, which has continued to degenerate the church. There are very few pre-Vatican II Churches in North America where they do the full mass in Latin, Vancouver has one church. There are Catholic organizations that know the church was infiltrated and they have websites to educate people about this.

SATANISM

If you doubt that the THEYS practice Satanic rituals, let me tell you a true story. About a year and a half ago, I had mentioned to a dear friend and her husband that I was researching the THEYS and their so-called religious practices.

My friend's husband said to me, "Well, when I first came to Canada in 1986, I went to visit a friend in Edmonton. She was a maid working in a mansion of a THEYS family and they were on vacation." While visiting, my friend's husband asked to use the washroom. The woman said, "Just go down the hallway and it is the third door on the right." Well, he opened the wrong door. What he saw were pictures of these so-called religious leaders with blood coming down from their eyes, and there were Satanic figurines and symbols in the room. My friend's husband quickly shut the door. He told his friend what he saw. She panicked and said that she was not allowed to go into that room and he should not say anything to anyone. Now, why would they leave it unlocked? I think they forgot to lock it or they knew she didn't go into it. Do all THEYS practice Satanism? No. Are there Non-THEYS who are Satanists? Yes. One of the best books on this subject (that the THEYS attack online), is *Michelle Remembers*, a 1980 book written by Canadian Psychologist Lawrence Pazder and Michelle Smith. This book is well respected by those who work with victims of Satanic cults. By-the-way, the THEYS came up with the whole false-memory syndrome to undermined anyone who tried to reveal these cults.

Victoria BC and Geneva Switzerland are the two major hubs for Satanism, outside of L.A. and New York. It has to do with the shape of the land of Vancouver Island (the penis entering the vagina appearance) and in Geneva it is the shape of the water.

If you still have doubts about what goes on among the THEYS, go on Youtube and put in Vicky Devil Worship - 1989 Oprah Winfrey Show Interview with a (THEY) Woman. I would guess the producers said to her, before the taping, do not mention Christian children being sacrificed. Which is a common practice among Satanists. In it she says that her parents were well respected citizens in their community, but at night, they were different. Satanists are not the drudges of society, they are the Elites of society. The same goes for pedophiles. Pornography (including child porn), the sex trade, gambling, drugs, alcohol, and arms dealing are all controlled by the THEYS. But THEIR biggest control is money.

THE BABYLONIAN TALMUD

Around 600 BC, THEIR so-called RELIGIOUS LEADERS were forming laws and sharing among themselves information on how to relate to each other, and how to deal with the Non-THEYS (cattle). At that time their practices were shared orally. Following the destruction of the Second Temple in 70 A.D. the

so-called RELIGIONISTS put their practices in writing. These collections of laws and discussions were put into what is called THE BABYLONIAN TALMUD.

The Babylonian Talmud is a collection of books (about 18 volumes) with THEIR interpretations of the Old Testament. But, it also contains laws on how to deal with each other in business and with family life. Most importantly, it is about how to deal with the Non-THEYS. Their slang term for us is goy (singular) and goyim (plural). They say it means "nation or nations" but in private it means "animal" or "cattle".

The Talmud is the most racist, hateful and demonic collection of books on the planet. Over the centuries, Popes would write a Papal Bull announcing that The Talmud be burned.

Here is what the late researcher Elizabeth Dilling wrote about The Talmud way back in the 1950s:

"The basic Talmudic doctrine includes more than a "super-race" complex. It is an "only" race concept. The non-(THEY) thus ranks as an animal, has no property rights and no legal rights under any code whatever. If lies, bribes or kicks are necessary to get non-(THEYS) under control — that is legitimate. There is only one "sin," and that is anything which will frighten non-(THEYS) and thus make it harder for the THEYS "humans" to get them under control. "Milk the G**tile," is the Talmudic rule, but don't get caught in such a way as to jeopardize (OUR) interests. Summarized, Talmudism is the quin-tessence of distilled hatred and discrimination — without cause, against non-(THEYS)."

I have the English translation of the Talmud (Steinsaltz Edition), but only the reference guide. Although it is not as demonic as the Babylonian Talmud, it still has some controversial passages remaining, such as:

P. 159 *Rapist*. A man who rapes an unmarried woman who is between three and twelve and a half years old, is obliged by the Torah to marry her. He is forbidden to divorce her. He is also obligated to pay a fine for the rape, and to pay damages according to the laws of personal injury (*Deuteronomy 22:29*). The marriage is subject to her consent and that of her father. (This only applies if the girl is a THEY. If she is not, she is to be killed, as she seduced him). Also, if a man rapes an infant there is no penalty.

Moreover, according to Talmudic law, a woman can have an abortion even if the baby is nine months old. The Talmudists do not believe that a baby has a soul until it is actually born. But, according to the Talmudists, non-THEYS do not have a soul whether in the womb or outside of it.

(Michael A. Hoffman is a scholar on The Talmud. By-the-way, it is a death sentence for any Non-THEY to study The Talmud but people do so anyway, especially with the access of the internet)

So, how does The Talmud relate to the events, today? The Talmudists are the Elite. They hate us and will do anything to destroy us. Go into Google Images and put in R-bb-s with George Bush, R-bb-s with Obama, and R-bb-s with Trump. Even R-bb-s and the Federal Reserve Act as THEY were there when it was formed. There were 117 TALMUDISTS in France when the Treaty of Versailles was written, which was a disaster for Germany.

The THEYS really started to influence governments as far back as Mayer-Amchel Rothschild (1744-1812). He was a Talmudist, and this carried down through to his descendants. All of the major evil events in the world can be traced back to these Talmudists, even Jack the Ripper. Some, like Arnold Leese, believe these killings were ritual murders.

Back to Andrew Yang and Donald Trump, I consider both of them to be DOTS. They keep the cattle focused on them (the dots). They are a distraction so the cattle are not paying attention to more important things, like the big picture of Global Control by the Talmudists. When George Bush Sr., in his **Sept. 11th, 1990** speech talked about **The New World Order**, he was really referring to *The J** World Order*. THEY are the real haters of humanity and they believe that when they conquer all nations, THEIR messiah will appear. **THEY ARE THE REAL SUPREMACISTS.**

Corporate-Capitalism, Communism, J***ism, Talmudism and Satanism are all the same group. I do not watch THEIR Talmud-vision, nor read THEIR New York Times or Washington Post because they are written for us. I read what THEY write for THEIR TRIBAL MEMBERS (in English, of course). There is lots of corruption that they do not put in the mainstream publications, such as:

"Former Holocaust Claims Conference Director Sentenced to Eight Years in Prison for \$57.3 Million Fraud on Organization That Makes Reparations to Victims of Nazi Persecution" (from the FBI website but it is also in THEIR TRIBAL newspapers). There were actually 31 employees involved in this theft.

So, did the H event of WWII really happen? Well, right now there is a 91 years old woman in prison in Germany. What was her crime? She asked "Where is the evidence?" She kept writing letters to government officials and different organizations for over five years asking this question. They took her to THEIR Talmudic courts (all courts are Talmudic including Human Rights Tribunals). What does that mean? It means "The Truth is No Defence", as, THEY hate the TRUTH so THEY locked her up. THEY have to keep drilling the H-story into our heads because it is a big money-maker and sympathy grabber.

There is an American goy that went through THEIR online newspapers and other publications and put up a website with 58 pages listing hundreds of r-bb-s suspected of or charged with paedophilia. Many are not jailed, they are just sent to THEIR homeland.

The THEYS are responsible for the bloodiest revolutions and assassinations throughout history. THEY ritually murdered the Tsar and his family. They also murdered JFK, and they carried out the attacks of 9/11 (see Christopher Bollyn). THEY truly are evil, but I must stress this, *WE are stronger than them in spiritual strength and in numbers*. When one confronts THEM, they run like cockroaches when you switch on the light. Do all of THEM know what is going on? No, but, when it comes to protecting THEIR so-called homeland, they go into attack mode against anyone who opposes that country.

There is an awakening going on. Some say it began in the 1960s, but was usurped. Nonetheless, it is happening fast, now. This awakening is about truth; therefore, the GLOBALISTS, are in panic mode. They are throwing everything they've got at us. Trump, Yang, Transgenderism, WWII, Economic collapse, fires, etc. They want to keep us distracted and in states of anxiety, fear and despair.

Don't believe what you see or hear in the mainstream or even in a lot of alternative media (because THEY have their gate-keepers). THEY ARE MASTERS OF DECEIT. Even their so-called religious leaders are great actors. A r-bb- can feign that he was shot at one of their so-called religious buildings but these buildings have always had tight security paid by the taxpayers, of course. This chaos isn't because they are gaining control, it is because they are losing control over us.

I meet many strong and courageous young men, of European stock, at protests and free-speech talks here. Most were born in the 1990s and they know what is going on and who is behind it all. There is a saying that we use regarding men during different times in history:

Hard times create strong men
Strong men create good times
Good times create weak men
And, weak men create hard times

We are going through a period of hard times, and it will get even harder. Will the THEYS win? No, but, they will take us to the edge of destruction - morally and economically (The Book of Revelations). There will be a lot of deaths, especially of those who do not know what is going on, and do not know they can connect to a higher source. It doesn't mean we sit and do nothing. It is important to **seek the truth** so that

one is not pulled into THEIR falsehoods. Also, THEY control us through fear, but once you understand that they are more afraid of us, this puts you at an advantage. They truly are cowards.

If you wish to learn more I have listed some information below. As the THEYS control Google and YouTube, you may have to go to BitChute for videos, but try YT first.

Even if you do not believe what I have written here, I can guarantee you one thing, and that is ... you will begin to notice THEM everywhere; television, radio, newspapers, movies, and as community activists. A group of us were at a Youth Climate Strike and there was A THEY there as security. He told some high school students we were "Nazis" and they should not speak to us. One of the students, ignored him and came up and listened to what we had to say as he believed in freedom of speech. A few weeks later, we went to a free speech talk at UBC (Prof. Ricardo Duchesne and Mark Hecht). There were about 30 Antifa protesters outside stopping us from entering the building. A few hours later, when the RCMP finally showed up, the very same MAN from the Youth Climate Strike appeared and herded the Antifa cattle away. Antifa is funded by George Soros, so THEY can have cattle fight against cattle.

I often say, *Most people are like toddlers, waddling about on a battle field, unaware that there is a battle going on.* Author, Victor Thorn use to say, "We live in a children's world." I have to agree with him.

Many adults act like children, and they need to grow up really fast or they will truly suffer and so will their descendants.

Take care,

D

P.S. (S) I understand you are working towards having a civic museum established in the community. I would guess it is because you, and others, want to be remembered for your work. May I suggest, in order to speed up the process, that you hire a lobbyist. Make certain she is black, transgender or lesbian, in a wheelchair, and is a sexual assault victim (because a 12-year-old boy squeezed her breast when she was 13 years old). Trust me, you will then stand a chance of getting that museum, sooner. That said, because of your European background, as quickly as your image and name is exhibited, in all probability, it will be removed, as you are a white-privileged, able-bodied, heterosexual female.
